Trip to the Blue lakes, 1 day

Blue lakes are the system of lakes situated on the height of 600 meters above the sea level in a picturesque glacial hollow. This name they were given due to the interesting phenomenon: the purest and the clearest water and ice on the bottom of the lakes reflect sunlight that way that it seems to people standing on the lakeshore that the water color is blue or purple, depending on the season of the year and on the amount of ice on the bottom. In June and in July tourists are amazed by the quantity of subalpine flowers in this place. The creek, flowing out of the lake, forms series of waterfalls and fountains.

Period of the tour: July – September

Kind of the tour: car ride - walking

Duration: 1 day

Age restrictions: 9 y/o and older

The meeting place: Bus station(10 km.)
